ARM GPUs

Mali 2/3/4XX

- Codenamed Utgard
- Supported by Lima driver
- Supports OpenGL ES <= 2.0
- Acquired with Phalanx

Mali T-XXX

- Codenamed Midgard
- Supported by Panfrost driver
- Supports OpenGL ES <= 3.1
- Supports Vulkan <= 1.0</p>
- Design targeted OpenCL heavily

Mali G-XX

- Codenamed Bifrost
- Supported by Panfrost driver
- Supports OpenGL ES <= 3.2
- Supports Vulkan <= 1.1</p>
- Partial re-design of Midgard

Mali G-YY

- Codenamed Valhall
- Supports OpenGL ES <= 3.2
- Supports Vulkan <= 1.1</p>
- New ISA & Compute core

Driver History

Driver History

Driver History

- Deployed on Mali T720, T820 & T860

- Deployed on Mali T720, T820 & T860
- Runs normal Desktop Environments

- Deployed on Mali T720, T820 & T860
- Runs normal Desktop Environments
- Supports OpenGL ES <= 2.0

- Deployed on Mali T720, T820 & T860
- Runs normal Desktop Environments
- Supports OpenGL ES <= 2.0
- OpenGL ES 3.0 soon, with 3.1 & 3.2 coming

- Deployed on Mali T720, T820 & T860
- Runs normal Desktop Environments
- Supports OpenGL ES <= 2.0
- OpenGL ES 3.0 soon, with 3.1 & 3.2 coming
- Vulkan not started yet

What is a driver?

Who contributes?

Who contributes?

```
linux$ git shortlog -s -n -e -- drivers/gpu | head -n 10
4922 Chris Wilson <chris@chris-wilson.co.uk>
3027 Ben Skeggs <bskeggs@redhat.com>
2909 Daniel Vetter <daniel.vetter@ffwll.ch>
2903 Ville Syrjälä <ville.syrjala@linux.intel.com>
2646 Dave Airlie <airlied@redhat.com>
2502 Alex Deucher <alexander.deucher@amd.com>
1450 Christian König <christian.koenig@amd.com>
1032 Jani Nikula <jani.nikula@intel.com>
823 Rex Zhu <Rex.Zhu@amd.com>
720 Paulo Zanoni <paulo.r.zanoni@intel.com>
```

```
mesa$ git shortlog -s -n -e | head -n 10
18725 Brian Paul <brianp@vmware.com>
7288 Marek Olšák <maraeo@gmail.com>
6511 Eric Anholt <eric@anholt.net>
5498 Jason Ekstrand <jason@jlekstrand.net>
5217 Kenneth Graunke <kenneth@whitecape.org>
3777 Ian Romanick <ian.d.romanick@intel.com>
3606 Dave Airlie <airlied@redhat.com>
3552 José Fonseca <jfonseca@vmware.com>
2555 Keith Whitwell <keithw@vmware.com>
```

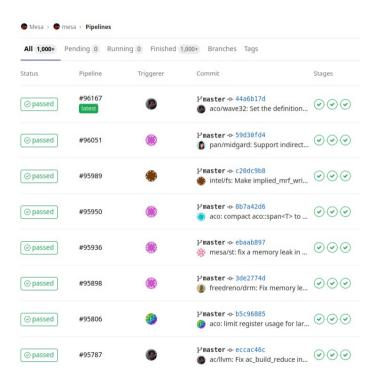

Contribution Process

- Kernel uses Mailing list
- Mesa uses Mailing list & Gitlab Merge Requests

Continuous Integration

- Kernel CI https://kernelci.org/

- Mesa CI https://gitlab.freedesktop.org/mesa/mesa/

Thanks!
